PROFILE SUMMARY

As a skilled Full Stack Developer with over two years of experience, I excel in crafting robust applications utilizing .NET, Angular, and SQL. Proficient in integrating front-end and back-end technologies, I bring foundational knowledge in React to the table. Additionally, I've actively engaged with clients, ensuring seamless access to environments. My commitment to delivering high-quality solutions combined with effective collaboration ensures client satisfaction and project success.

EXPERIENCE

Software Engineer, Accenture

DECEMBER 2022 - PRESENT

Lean Production Platform :

LPP (Lean Production Platform) is a cloud-based web tool that offers comprehensive business process management solutions, streamlining workflows and enhancing operational efficiency for various enterprises.

- Delivered end-to-end solutions for client and project owner requirements using .NET, Angular, and SQL, ensuring high performance and user satisfaction.
- Handled bug reports from clients, efficiently debugging and resolving issues to maintain smooth application functionality.
- Conducted thorough code reviews, ensuring code quality and adherence to best practices.
- Managed source control and collaboration using Git, facilitating seamless version control and teamwork.
- Quickly adapted to new tools and technologies, consistently improving and expanding technical skill set.
- I optimized system functionality by integrating RESTful APIs, improving communication and data exchange, enhancing performance.
- Implemented Agile Scrum methodologies throughout the Software Development Life Cycle (SDLC), fostering efficient project management, continuous improvement, and timely delivery of high-quality software solutions.

Associate Software Engineer, Accenture

DECEMBER 2021 - DECEMBER 2022

MyConcerto :

Accenture's tool for swift business transformation, harmonizing systems, processes, and data across SAP and Oracle platforms with advanced tech and pre-configured solutions.

- Focused on front-end development, implementing design changes to enhance user experience using HTML/CSS, Bootstrap, and Angular while maintaining impeccable attention to detail.
- Collaborated with designers to ensure visual consistency and adherence to branding guidelines.

SKILLS

- **Programming languages:** JavaScript, Typescript, C#
- **Frameworks:** Angular, React
- **Databases:** MySQL, Microsoft SQL Server
- **Operating Systems:** Windows
- **Cloud platforms:** Azure
- **Agile methodologies:** Scrum
- **Tools:** Visual Studio Code, Postman, GIT
- **Soft Skills:** Fast learner, Problem solver, Time Management, Teamwork and Collaboration

EDUCATION

Bachelor of Engineering – Computer Science & Engineering

2017 - 2021

A.M.C Engineering College

CGPA - 8.13

CERTIFICATIONS

- [Learn Javascript Basics](#)
- [Responsive Web Design](#)

AWARDS

- Received "Going the Extra Mile" award for assisting new joiners and team mates.
- Received "Star of the Month" award for delivering excellence under Game Changer category.
